

NO LONGER A SIT BUT STILL EARLY IN YOUR CAREER?

RRS has an interest group for you — Early Career Investigators (ECI)! This group was formerly known as Faculty-in-Training (FIT). You qualify as an ECI if you are within the first 10 years of running your own independent group. RRS wants to connect ECIs, hear your experiences, and encourage your research program.

Please join us for our ECI meeting during the 63rd Annual RRS Meeting in October in Cancun, Mexico.

For more information on ECIs, or if you have any questions, please contact the following:
