The month of November makes a gradual shift to slightly cooler, wetter weather in San Diego, yet this is San Diego’s sunniest month of the year. Daily highs average from 70°F to 77°F over the course of the month, exceeding 85°F or dropping below 60°F only one day in ten days.

Daily low temperatures range from 53°F to 59°F.

The probability that some form of precipitation will be observed on a given day very low, as the average precipitation for the month is 1”.

We suggest bringing a light jacket to account for the breeze off the ocean. Winds typically average 5.9 mph, but November is one of the less windy months.

November is a great time to visit San Diego, this is the time they have multiple culinary events in the area for all you Foodies.
